WAR DEPARTMENT ENCOURAGES NEW GUARD COMPANIES

Secretary Garrison Cables Governor Pinkham That Authorization is Given for Equipment of Six New Commands

AUTHORITY FOR SIX MORE WOULD BE GIVEN

Sixty Thousand Dollars' Worth of Paraphernalia Forthcoming if Needed for Citizen Soldiers of Local Organization

Secretary of War Lindley M. Garrison and the war department are strongly with Hawaii in its efforts to develop the national guard.

The recent plans for guard expansion, worked out by Governor Pinkham, Col. Johnson, adjutant-general, and other of the guard leaders, meet with the approval of the war department and its encouragement is evident in a material way.

These are the significant conclusions derived from a cablegram received by Governor Pinkham yesterday afternoon from Secretary Garrison. The war secretary informs the governor in answer to a cablegram from the Hawaii executive, that authority is granted the Hawaiian department to equip six new infantry companies of 65 men each, the cost of equipment and clothing to be charged to unallotted U. S. funds set aside to encourage and develop the militia.

Though it is not proposed as yet in Hawaii to raise 1200 men in addition to the companies already formed, the attitude of the war department is shown when Secretary Garrison says that if 1200 men additional are to be raised, authority can be granted for the equipment of six more companies from unallotted funds.

The equipment of these 12 companies will be approximately \$60,000 and the war department is right with Hawaii in believing that the money will be well spent.

When the new companies announced from time to time by Col. Johnson, including the Filipino company, the engineer company and the machine company, are completed, as they will be in a short time, Hawaii will have its 12 companies.

Governor Pinkham is gratified at the increasing interest in the guard and the steady growth of its component parts, and gratified also at the attitude of the war department in authorizing the money for the equipment of the six new companies.

GOVERNOR'S CABLE ASKS GAS MEN TO SEE HAWAII

Before the hundreds of delegates to the International Gas Congress, who banquet tonight at San Francisco, the following cablegram, which was sent from Honolulu last night, will be read: "Dr. Alexander C. Humphrey, President International Gas Congress, San Francisco.

"Hawaii sends greetings and aloha to the International Gas Congress. We invite you some day to meet in sunny Hawaii. "LUCIUS E. PINKHAM, Governor of Hawaii." Harry Strange, manager of the local gas company, has been working for more than a year to bring the Gas Congress to Hawaii in 1916. Friday he will conduct the members of the congress through the Hawaii building at the exposition, and give them an "afternoon in Hawaii."

HONOLULU BIDS ALOHA TO LAST PACIFIC MAIL SHIP

Immense Throng Bids Farewell to Manchuria as Huge Liner Casts Off From Dock for Last Time; Captain Dixon Leaves Message to People

Women's eyes were misty with tears, and men's throats closed with a choke at the last sailing of the giant Pacific Mail liner Manchuria from the port of Honolulu this morning. More than 1000 people gathered at Pier 7 at 9 o'clock and watched the boat back away from the dock and head out to sea for San Francisco, symbolizing the passing of the Pacific Mail after 60 years of service.

Men who have seen Pacific Mail boats arrive and depart for more than two generations were on the wharf. Millionaires and laborers, bankers and stevedores were gathered there.

SENATORS SMASH RECORD.

Washington broke the American League record in runs scored in one day when they totaled 30 runs off Mack's young pitchers at Philadelphia this afternoon. Other teams have made more runs in one game, but the total exceeds anything in the history of the American League. Philadelphia kept on winning today when they shut out the Boston Braves, while Brooklyn was winning a close one from New York. Detroit also won while Boston was resting. There is only one scheduled game in the American League tomorrow, the contest between the Senators and Athletics at Philadelphia.

"THIN GRAY LINE" IS ALL THAT IS LEFT NOW OF SPLENDID UNION ARMY

[Associated Press by Federal Wireles] WASHINGTON, D. C., Sept. 29.—Less than 30,000 men, a mere remnant of the splendid Union army which, a half century ago, President Johnson reviewed here, today marched in review before President Wilson. The occasion was the convention of the Grand Army of the Republic.

GULF OF MEXICO STORM SWEEPING NORTHWARD; MUCH DAMAGE PROBABLE

all with the same intent, to say "Aloha" to the line which has done so much toward building up Honolulu and the territory of Hawaii. Early this morning a little group of men with flags and leis in their arms went down to Pier 7 and proceeded to adorn the ship and the pier, to give outward token of the sincere good will and cooperation which has always existed between the Pacific Mail and the people of Honolulu.

On the bridge of the Manchuria Director A. P. Taylor of the Promotion Committee and his assistant, Phil Dancy, placed a large wreath with the words "Aloha, 1915, After Sixty Years," inscribed in the center. Reaching out from this were long lines of leis, their orange tones contrasting brilliantly with the white of the bridge woodwork. The design was the gift of the Promotion Committee and Chamber of Commerce. These organizations also decorated the forward part of the pier. At the same time, Alexander Hume Ford of the Pan-Pacific Club, assisted by A. E. Larimer, J. W. Balms and Joseph Stickney, hung on the walls of

ALL RAILROADS EAGER TO BOOST BIG CARNIVAL

Judge Henry E. Cooper Says Poster Will Be Displayed in Stations and Ticket Offices

NEWS SERVICE AGREES TO AID IN PUBLICITY

International Syndicate, Which Supplies Hearst's and 400 Other Papers, in Line

Director General Cooper of the Mid-Pacific Carnival returned to his desk today for the first time, after an absence at sea and on the mainland of just four weeks. Owing to a misunderstanding a personal message to his family, delivered more than a week ago, was not given out or communicated to his carnival associates, with the result that he arrived yesterday on the Wilhelmina unannounced and slipped quietly down to his country place on the peninsula.

"So far as advertising and publicity for the carnival go," said Judge Cooper today, "my trip was even more of a success than I hoped. I was able to cover the field so thoroughly at San Francisco that it was not necessary for me to visit the San Diego exposition or to go east for a conference with the big railway men. I dealt direct with the general passenger agents of the important lines, all of which are represented at San Francisco by department chiefs.

"So far as ideas for the carnival go, there was little to learn. Attractions such as 'Creation' and the 'Panama Canal,' which are fitting for an exposition and good revenue makers in their proper setting, would be out of the question for a carnival. "I didn't go to San Diego because, though everybody praised the beauty of the Panama-California exposition, it was generally agreed that it had very little to show in the way of amusement specialties.

"The International News Service, which supplies the Hearst newspapers and 400 others scattered over the length and breadth of the country with pictures and special articles, as well as straight news, will take everything of legitimate interest that we offer them. After I talked with them, they were not only willing to cooperate, but anxious to be supplied. "Our carnival poster will be displayed by the transcontinental and all the other important railway lines in their main stations, on their ferry boats, in their branch ticket offices and their office buildings—in short, wherever they are pushing their own business, they also will press ours.

"The Carnival Pathfinder and the Carnival Code, to smooth the way for visitors, will receive even greater publicity. Not only will they receive the same distribution as the poster but they also will be placed in all Pullman cars, where they will come in contact with the cream of the travel. "The Southern Pacific and the Santa Fe systems, which between them handle the entire volume of California tourist travel, have agreed to make special efforts at Los Angeles, the tourist center of the coast, to stimulate carnival travel. "It gratifies me very much that the business community in general has given the Pathfinder such good support. It is support well placed, for I find that wherever the purpose and scope of the Pathfinder have been explained on the mainland there is a desire to get it in circulation as early as possible. The railroads believe it will create business for them and, of course, for Honolulu, so I am particularly anxious that the remaining subscriptions needed be booked as rapidly as possible.

"Let no merchant here think that we are hasty. The first turn of the tide in winter travel begins to be felt strongly in October, and the sooner we get out into the stream the farther it will carry us."

ROCKEFELLERS AREN'T READY TO YIELD THEIR CONTROL OF FUEL CO.

[Associated Press by Federal Wireles] DENVER, Sept. 29.—Rumor that the Rockefeller interests might retire from the Colorado Fuel & Iron Company were denied today by John D. ASK ANNULMENT OF MARRIAGE OF CHILD WIFE AGED THIRTEEN

In a petition filed in circuit court today Lee Pyenz Choon, father and "next friend" of the plaintiff, seeks to have annulled the marriage of Lee Choon Chon, his daughter, and one Kim Choung Hyen.

The petition alleges that the couple were married in Honolulu on September 5, 1914, and that Reverend Hong performed the ceremony. At that time the girl was 12 years old, says the petition, and her parents did not consent, and have not consented, to the marriage. The petition further says that on April 12, 1915, a daughter was born to Lee Choon Chon, which has been named Gladys.

It is asked in the petition that the marriage be annulled; that the wife be awarded custody of the minor child and that she be given such other relief as the court may deem fit. A divorce summons accompanies the petition.

Frank Mahan and David Penders, enlisted men, who were arrested by Captain of Detectives McDuffie yesterday, were turned over to U. S. Marshal J. J. Smiddy today and booked on a charge of having cocaine in their possession.

The case of Barney Turner, charged with having assaulted a woman on a government reservation, has been continued in federal court until October 2 for plea.

Say German Generals Are Dismissed

LONDON, England, Sept. 29.—German newspapers announce that two German generals, whose names are not given, have been dismissed from their commands in the western zone as the result of the recent set-back sustained at the hands of the Allies. Gen. von Hindenberg, commanding an important army in the east, is now mentioned for transfer to the western front.

BERLIN, Germany, Sept. 29.—British and French troops preparing to aid Serbia have landed at the port of Kathrin, near Saloniki, Greece, according to a despatch from Budapest to the Overseas News Agency.

SWEEPING WAR DRIVES MADE AND BATTLES FOUGHT ON MANY FRONTS; TEUTONS LAUNCH THUNDERBOLT OF SOLDIERY AGAINST SERBIA

ALLIES ROLLED BACK IN DEFEAT, GERMANY ASSERTS

Official Cablegrams of Yesterday and Today Declare Heralded Offensive of French and British is Checked With Great Slaughter—Claim Steady Progress Against Russian Armies in the North

German official cablegrams from the German army headquarters yesterday and today emphatically maintain that the Allies' drive on the west has been checked and that the Germans have inflicted great losses on the enemy.

The following cablegram telling of yesterday's events was received today:

"German Army Headquarters, Sept. 28.—On the west front the enemy continued attempts to break our lines, without any results, but at several places suffered heavy losses. The English attack near Loos with gas was without effect. German counter attacks resulted in the capture of 20 officers and 750 men and the total number of prisoners at this place now amounts to 3397. Nine more machine guns were captured. All the French attacks in Champagne and in the Argonne were defeated. Near Souain some French cavalry most curiously misunderstood the situation and advanced, being immediately defeated and forced to flee.

"The Saxon reserves and Frankfurt division distinguished themselves especially.

"German attacks in the Argonne improved our positions at Fillemort, where we took four officers and 350 men. Near Combre the enemy's positions were destroyed by tank mine explosions.

"On the east front, so rapid was the advance of Gen. von Eichhorn's army, that Field Marshal von Hindenberg's army had not known the results of the battle of Wilna, by which the Russians were thrown back behind the line from Noroz to the sea. At Smorgon and Wisnow 70 officers and 21,908 men were taken, three cannon and 72 machine guns and plenty of baggage left by the Russians, who were fleeing rapidly, also being secured.

"This number of prisoners does not include those hitherto announced.

"Northeast of Wisnow the enemy's lines were broken and 24 officers and 3300 men imprisoned, nine machine guns being taken.

"German attacks have made progress southwest of Duenaburg and south of Smorgon. Field Marshal Prince Leopold's Bavarian army took Tetedepont, east of Baranowitch, after a struggle, capturing 380 Russians. Gen. von Linington ferried a passage of the Styx and his troops are exerting a pressure compelling the Russians to retire along the whole front north of Dubno."

TODAY'S SITUATION.

The following cablegram tells of the situation today:

"German Army Headquarters, Sept. 29.—The enemy continued with exasperation the attempts to break our front. In the same places where the English attack with gas failed, north of Loos, our center attack resulted in regaining part of the ground formerly abandoned. Violent English attacks in the district of Loos were defeated. The English suffered severe losses.

"Repeated and desperate French attacks at Souchez and Nevelles were checked partly by violent counter attacks. In Champagne all the enemy's attempts to break our lines were without results, only northwest of Souain a trench of 100 meters in length is still occupied by the enemy.

"An uninterrupted wave of French attacks broke down before the indomitable resistance of the Baden and

[Associated Press Service by Federal Wireles]

LONDON, England, Sept. 29.—The situation now on the western front is summed up as follows:

The British have battered their way to the third German line of defenses on the extreme left of the western front. The French are still on the offensive in the Champagne region. The German offensive effort in the Argonne has failed to result in any gains.

Gen. Sir John French, commander of the British forces, intimates that it is the intention of the Allies to push the offensive to the utmost.

On the east, the Austrians have apparently succeeded in stemming the Russian advance in southern Poland and have retaken Lutsk. The Germans are renewing their great attacking movement against Dvinsk.

BERLIN, Germany, Sept. 29.—Official.—The French attempts to shatter the German line in Champagne are breaking down with tremendous losses for the enemy. Many prisoners have been taken by the Germans.

Allies Claim Germans Have Lost More Than 120,000 in Late Battles

[Associated Press Service by Federal Wireles]

PARIS, France, Sept. 29.—Official.—Terrific and incessant fighting continues today along a large portion of the western front and the Allies are pressing forward further against the German resistance, which has been disorganized by the artillery bombardment.

In Champagne the fighting is uninterrupted. Progress is being made by the French in the Artois region. North of Maasigne a thousand Germans surrendered when the Allies charged their positions.

The German casualties as the result of the new offensive movement of the Allies amount, in killed, wounded and prisoners, to more than 120,000 men.
